Dear Customers and Associates

We are coming to the end of the year and there are many things to work on.

As per our previous newsletter, you may want to improve your cash flow by putting some of your casual, temporary and part time staff through Australian Workforce. We will pay your staff fortnightly and you can pay us on 60 day terms (subject to approval). The new year would be a perfect time to start.

We are closed for a short Christmas break but back in business very early in January 2016.

Also, if you are thinking about training your staff, the new year would be perfect time to talk to us too. Most of the training is government funded.

Meanwhile, it is going to be crazy as usual right up to Christmas. So, if you need the help of a few temporary staff please give us a call. You may be surprised to hear various ways we can help you. If you are overloaded or running behind, just have a quick chat to us. A quick call may save you lot of stress. That is what we do.

If you need to contact me directly, you are welcome to send an email directly to my personal email dannysena1@gmail.com

Kind Regards

Danny Sena
