FROM THE DESK OF DANNY

Dear Staff, Candidates, Students & Friends,

Another year is coming to an end and a brand new year is around the corner.

Looking back it seems we have given out a substantial amount of jobs to our applicants. If we could not give you a job, we may have taught you how to find a job or helped you one way or the other.

We have to believe we have created some positive impact in the economy and done something good towards you as well. We could not have done what we did without you. Your continuing support is greatly appreciated. It is difficult to employ such a vast number of staff without making minor errors.

So, if we have made some errors and disappointed you in any way, I would like to apologize on behalf of the company. We always try to service you better. If you have any concerns please do send an enquiry to us through our website www.australianworkforce.com.au. Each and every feedback you send we take very seriously.

Meanwhile, we will continue to do what we do and I believe we are together for a long journey!

Best Wishes
Danny

A Note To Finish On:

We guarantee an interview for everyone who registers for work with us.

We talk about the current job market and opportunities to job seekers. We also give the weekly urgent job list to every job seeker as well as valuable information regarding finding a job and resume advice.

A one on one interview is conducted with one of our consultants to discuss individual needs and requirements. Also, just to reiterate Danny's message, we regularly upload our weekly urgent job list in a video format on our YouTube channel (Aust Workforce) and on our Facebook page.

Call our friendly staff on 1300 795 965 to organise an interview.
